To be a counselor at Camp Croix, you must be a member of a Wisconsin Synod congregation or one which is in fellowship with this church body.

The staff application on the reverse side is to be filled in **only by those who are 16 years and older** for one of the four weeks of camp. First consideration will be given to applicants who are older and have had counselor experience.

All counselors are expected to take their turn with kitchen duties and other assignments as scheduled by the director.

The dates and directors for the four weeks of Camp Croix - 2011 are as follows:

July	3-9	-Week 1	Ryan Conlon
July	10-16	- Week 2	Collin Myrlie
July	17-23	- Week 3	Perry Beise
July	24-30	- Week 4	Ryan Conlon

**(Ages for campers are 9 - 15 as of July 1, 2011)**

Please be sure to indicate for which week you are making application!!!!

Applying for two consecutive weeks of Camp Croix is discouraged. Experience has shown that those who have been counselors for more than one week tend to be over-tired, dragged out, irritable, and short-tempered with the campers.

Being a counselor is a position of trust and responsibility, in many ways more demanding and fulfilling than being a camper.

**One camper fee will be waved per adult staff (per family). (An application form must be submitted to the registrar by April 30th for all staff children who will be campers.)** Children of adult counselors who are not of camping age may come to camp with their parents with the understanding that the parents will supervise their underage children. We highly value the presence of adult counselors at Camp Croix. Their maturity and experience with children has a great impact on the overall success of the camping experience for the youth.

Each director will meet with his staff of counselors on the Saturday before the camp week begins to review assignments and rules. But there are two rules that need to be mentioned right at the outset: 1) NO ALCOHOLIC BEVERAGES. For obvious reasons, this rule will be enforced and those who break it will be asked to leave the camp. 2) No counselor is to leave the camp grounds without the permission of the Camp Director. You are applying to be a counselor at Camp Croix, and so it is expected that you will remain at Camp the entire week to carry out this responsibility.

When your application is received, a health form will be sent to you. The Camp Director for the week you have chosen will contact you and provide you with directions and instructions.

**In the interest of providing a better-planned camp, ALL APPLICATIONS should be submitted BEFORE April 30, 2011.**

Staff applications are to be returned to:
